**MINUTES OF MEETINGS**  
**OF THE**  
**Board of Commissioners**  

---

**MARCH, 1920**  

---

**NEWARK, N. J.,**

**March 4, 1920.**

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of February 26th, 1920, were read and approved.

Mr. Franklin L. Lewi, of 182 Broad street, owner of property near the junction of Bloomfield and Belleville avenues, protested against the opening of Crittenden street on the ground that the proposed improvement would be a detriment to the property owners in that neighborhood.

Mr. Henry Hebel presented the following petition, which was read by the clerk:

To the Board of Commissioners,

Newark, N. J.

We, the undersigned residents of the Clinton Hill section, do hereby peti-

tion the above named authorities against the granting of a permit for a chicken slaughter house at Peshine avenue, Avon avenue, city.

The establishment of a chicken slaughter house will be considered a great menace to the health, life and a detriment to the good record of the neighborhood. This section has no need for a chicken slaughter house.

1st. Because of the number of local butchers who very ably cater to all needs of the community of all creeds.

2nd. Because of the great density of population and grave dangers attached thereto.

3rd. Because of the depreciation and lost valuation of property.

4th. Because said chicken slaughter house is to be established for purely mercenary reasons, without regard to the wishes of the community.

5th. Because same is contrary to the good government and policy of our local government, whose principles and aims have always been a democratic institution based on the wishes of the many versus the wishes of the few.

(Signed by forty-one objectors)

Ordered referred to the Director of Public Affairs.

Dr. William Buermann and Christian Dangler also protested against the erection of a chicken slaughter house at Avon and Peshine avenues on the ground that it would deteriorate the neighborhood and depreciate the value of property.

The following petition was received and read:

To the Board of Commissioners of the City of Newark:

We, the undersigned, being the owners of lands that are or may be affected by the repaving of Washington street, from Central avenue to William street, hereby object to the aforesaid repaving in its entirety, as the proposed plan is set forth in the resolution adopted by the Board, dated February 11, 1920, which was published on February 13, 1920.

Briefly stated, our reasons for opposing the proposed plan are the following:

1. There is no necessity for the performance of the proposed work. That portion of Washington street involved in the proposed plan is very well paved at the present time. The Belgian block with which the street is paved is very substantial and durable and adequately suited for the purposes of heavy traffic. To substitute for it an asphalt pavement, as proposed, would be to substitute a form of pavement that cannot and will not bear up, not only under the heavy traffic that may be diverted from Broad

street and other highways, but even under the present traffic using Washington street. It is very reasonable to assert that the new pavement would wear out and require repair or substitution long before the present Belgian pavement would require any substantial replacement.

2. Unless imperative, the work ought not to be done at the present time. That such work is not imperative follows if it is conceded or established that the present pavement is adequate for present purposes. Labor and materials are at the present time abnormally high and also in a great measure scarce. Conservative business men are postponing the erection of structures or the making of substantial repairs or improvements until such time as the market for labor and materials regains its normal poise. A decided reduction in the cost of the proposed materials can reasonably be expected in the near, though not immediate, future, and we believe it to be good policy on the part of the municipal authorities to postpone the making of any extensive improvement, to the end that those chargeable with the expense thereof gain the advantage of any drop in the market.

3. It is respectfully insisted that the cost of the proposed improvement, if made, should be borne by the city at large and not by the owners of property abutting the improved highway. The reason for this is that such improvement, conceding it to be an improvement, would be only to the advantage of the city at large and not to the particular benefit or interests of the property owners on Washington street. The proposed pavement is designed to meet the present problem of traffic congestion on Broad street, which is the main artery of the city, by diverting therefrom all heavy traffic. It is reasonable to assume that if

that is the purpose of the City Commissioners in proposing the repavement of Washington street, such purpose will be justified by the results and that all heavy traffic will, in fact, be diverted from Broad street and will gravitate towards and be propelled upon the part of Washington street in question. The effect of that result need not be dilated upon. Residential values can under no conceivable theory be thereby enhanced, but will most surely greatly drop. We have but to point to any one of the thoroughfares in the city used largely by heavy traffic to indicate that where such traffic abounds residences are few and highly undesirable. For business purposes, certainly the proposed improvement will be no improvement. Most of the stores on Washington street, within the affected area, cater to the retail trade. Numerous purchases are made by customers alighting from pleasure vehicles. The diversion of heavy traffic to Washington street will result in a corresponding diversion of pleasure vehicles from Washington street. That has been the experience on Mechanic street and other like highways. That will mean a considerable loss of present normal business enjoyed on Washington street. Certainly, also, it cannot reasonably be contended that any of the retail stores or establishments on Washington street will profit in their trade from the heavy traffic. The heavy trucks are driven generally by employees for mercantile or industrial concerns and have generally but one destination, the place of loading or unloading. They do not stop for the purpose of trading and we do not believe that the normal order of things will change in the instance of Washington street, and that benefit and advantage will result, whereby all reasonable indications the diversion of

heavy traffic to Washington street will mean the diversion of business from it.

It being apparent that the proposed improvement will bring no advantage to the abutting owners, it necessarily follows that the cost thereof should be borne by those who will be benefited thereby. The diversion of heavy traffic from Broad street is a benefit to all the citizens and all the business men in Newark, a benefit that would be felt in every section and by every inhabitant of the whole city. That being so, the entire cost should be borne by the city, and not wholly or largely by any particular locality or class of property owners.

(Signed by thirty-one property owners.)

Ordered referred to the Director of Streets and Public Improvements.

Mrs. Walsh, of 153 Washington street, protested against the repaving of Washington street at the present time.

Mr. Walter S. Nichols protested against the repaving of Washington street on the ground that the proposed improvement would not benefit the property owners in this neighborhood.

Mr. Heller, representing the Salvage Corps, requested the Commission to repave Washington street with wood block pavement in the event it is decided to repave this street.

Mr. Matthew O'Brien requested the Commission to have Washington street repaved with wood block pavement.

Mr. Frank Liveright, representing

L. Bamberger & Company, requested the Commission to have Washington street repaved with wood block pavement.

Mr. William Meeker requested that the repaving of Washington street be laid over for another year on the ground that there is no necessity for this improvement, since Plane street can be used for diverting the heavy traffic from Broad street.

Mr. William L. MacHart, representing the New York Telephone Company, stated he is not opposed to the repaving of Washington street providing the street is repaved with wood block pavement. If the heavy traffic is to be diverted from Broad street to Washington street we would request that wood block pavement be laid instead of the granite block. Our commercial office is on the first floor, with the Market exchange on the second floor. We have the Mulberry exchange on the fourth floor and it is contemplated placing an additional exchange on the fifth floor, so that the placing of wood block pavement would be preferable to the telephone company and better for our business and the service to be rendered.

The following communication was received and read:

March 3, 1920.

Mayor Gillen,

Dear Sir:

Regarding the proposed repairing of Washington Street with the object in diverting traffic from Broad Street to Washington Street, will say I feel this would be an improvement to traffic conditions and a help to the entire city. Therefore I see no reason why the cost of same should not

be assessed throughout the city, and not by the property owners of said street. Personally, I have a long lease on my property at a rental that does not pay to maintain said property at the present rate of taxation, and with the cost of this improvement it would mean a loss to me, as there is no way I can break the lease to profiteer as some of our property owners are doing. In justice to one of Newark's oldest families, I again say, I favor the taxation to the entire city, if this change of traffic is carried out.

Sorry I am unable to attend meeting personally, so write this letter to voice my objections and would like you to have this letter read at the meeting.

Yours and oblige,

Mrs. E. Lovett,

12 Nelson Place, Newark, N. J.

Ordered referred to the Director of Streets and Public Improvements.

Commissioner Raymond moved that "An ordinance to provide for the repaving of Washington Street from Central Avenue to William Street with either napped reclipped, granite block pavement, 3 inch asphalt block pavement, asphalt pavement (2 inch top surface 1½ inch binder) or with new oblong granite block pavement, on the present concrete foundation built up with additional concrete to make a total thickness of 8 inches of concrete foundation, on both sides of the street railway tracks with the exception of one foot on each side of said tracks," be laid over for two weeks, and that the protests and objections made here be referred to the Director of Streets

and Public Improvements for consideration by us.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond: I desire to say in reference to this ordinance providing for the paving of Park Place that there seems to be considerable objection to the passage of this ordinance on the ground that it is taking part of the park for street purposes. I would like to have a historical search made to see whether the sidewalk is part of the park as originally laid out.

Commissioner Raymond moved that "An ordinance to provide for the grading, curbing and paving of that portion of Park Place from Broad Street and North Canal Street to Broad Street north of Rector Street between the present westerly and southerly curb lines and the official westerly and southerly side lines of the street, the space referred to to be paved with asphalt pavement (2 inch top surface 1½ inch binder) on a six-inch concrete foundation," be laid over for two weeks, as if it is found that this is park property I do not think that I shall want to father any ordinance to take any park property for street purposes.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond The Crittenden Street matter I think I would like to go forward.

Commissioner Raymond moved that the title of "An ordinance to provide for the opening of Crittenden Street from the southwesterly corner of Crittenden Street and Rowland Street as the same are now opened southwesterly to Bloomfield Avenue," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the opening of Crittenden Street from the southwesterly corner of Crittenden Street and Rowland Street as the same are now opened southwesterly to Bloomfield Avenue.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the

grading, curbing and flagging of Goldsmith Avenue from Clinton Place to Bergen Street.

The Board of Commissioners of the City of Newark, do ordain:

Section 1. That Goldsmith Avenue from Clinton Place to Bergen Street shall be graded, curbed and flagged, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an Act entitled "An act concerning municipalities," approved March 27th, 1917, and the supplements thereto and amendments thereof.

This improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage March 11th, 1920.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the title of "A further supplement to an ordinance entitled 'An ordinance to establish the names of certain streets in the City of Newark,'" be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

A further supplement to an ordinance entitled "An ordinance to establish the names of certain streets in the City of Newark."

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the title of "An ordinance to provide for the vacation of Fourth Street from the southerly side of Third Avenue west southwesterly to the Morris Canal" be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the vacation of Fourth Street from the southerly side of Third Avenue west southwesterly to the Morris Canal.

The ordinance having been read three times was then declared to be open its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that "An ordinance to regulate the erection and maintenance of canopies or fixed awnings, signs or objects of any kind intended to extend over any sidewalk or street or portion thereof, and providing penalties for the violation of its provisions," be laid over for two weeks in order to give the Law Department, Mr. O'Rourke and myself further time to make certain changes which I think are necessary.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen offered the following resolutions:

William J. Brennan,  
Charles P. Gillen,  
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

WHEREAS, For the best development of Port Newark Terminal, upon which the City has expended about \$3,000,000, it is essential that a deeper channel through Newark Bay shall be obtained at the earliest possible date; and

WHEREAS, The Committees of Con-

gress have expressed themselves as favorable to such deeper channel as being of great importance in improving the facilities of the entire Port of New York, but such Committees having failed under the general policy of the present Congress to provide an appropriation for the deepening of said channel; and

WHEREAS, Deeper water in Newark Bay will encourage the expansion and retention of the shipbuilding interests upon said Bay and the best utilization of the Quartermaster Warehouses for transshipping purposes, and the making of the Bay a seaport in the true sense of the word and will materially reduce the terminal charges in the Port of New York, and will incidentally immensely benefit the city;

THEREFORE BE IT RESOLVED, That it is the sense of this Board that legislation be obtained to enable the city, if it shall be considered wise to so proceed, to raise the money in the first instance and proceed with the dredging of the channel or channels in Newark Bay on some basis of being reimbursed by the Federal Government if such proceedings be approved by Congress or to dredge such channels itself, and that there shall be included in such legislation the authority to assess part of the cost for such dredging work on any property especially benefited and that the City Counsel be directed to prepare a bill to be introduced into the Legislature authorizing action as outlined herein.

Thomas L. Raymond,  
A. Archibald,  
William J. Brennan,  
John F. Monahan.

Commissioner Raymond Mr Shererd, citizens, members of the Commerce Navigation Commission and myself have talked over the matter of legislation concerning the dock development with a view to putting the city in a position where we can go ahead with this matter, and where its ability to go ahead will have to be conditioned upon the willingness of other municipalities and the willingness of the United States Government to co-operate with us. We do not think it would be wise to hold general conferences with other municipalities because the City of Newark is in a peculiar position, having expended \$3,000,000, and having rights there which must be protected. I feel that a scheme can be developed whereby a channel can be excavated along the Essex County side of the Bay, and that the work can be done for a sum of money within the limits of the ability of Newark to meet it. I feel that under this scheme we will have the co-operation of the other municipalities we will have the co-operation of the State Commerce Navigation Commission. I believe the first legislation that should be had is legislation authorizing the city of Newark to go ahead and make this improvement, and particularly legislation empowering us to assess benefits on the property which may be filled as a result of the dredging. I am therefore introducing this resolution in order to crystallize the sentiment of the City Commission and in order to go before the Legislature with the authority of the City Commission when asking for such legislation.

Mayor Gillen: I want to vote against this because I have had this idea in my head for a long time. At the time that this was first proposed

in the old Board of Works I opposed it and voted against it. You will never get anywhere if you try to carry the improvement through alone. If you try to make this piece-meal improvement it will be necessary to go back again to the question of developing the whole of the bay and the channels leading to it. With one municipality it would be a task too big, financially and otherwise. Any improvement Newark might make would be not only for Newark but for the other municipalities. Why should Newark improve the bay and spend money for the others? All municipalities bordering on the bay should come in and bear a pro rata amount of the cost. Upon investigation I found that the last day for introducing legislation was near and that no bill had been introduced under the auspices of the Port Newark Bay Commission embracing the five municipalities bordering on the bay. I, therefore, had a bill prepared similar to an old measure with some changes. This bill can be changed if it is so desired. It seems to me that the silt from the channels could be pumped up on the lowlands, thus improving them while the deepening of the channel proceeded. Then if each municipality wished to go further it could do so.

Chief Engineer Sherrerd, who was called upon by Commissioner Raymond, stated he had been fearful for some time that the scheme of co-operation, at least so far as Elizabeth was concerned, would be futile, as the Mayor of Elizabeth had been antagonistic to the development plans. The tail would wag the dog if this city were controlled by four others in a commission scheme such as the Mayor proposed.

The roll being called, the resolu-

tion was declared adopted by the following votes:

#### ANNUAL REPORT.

Annual report of the following department was received:

Newark Technical School for the year 1919.

Commissioner Archibald: I have been practically forced today to tender my resignation as treasurer of the Victory Celebration Committee and I feel that some explanation is due to the public. I accepted the appointment as treasurer temporarily until such time as you could get somebody that was in sympathy with this movement. I have been recently asked for reports as to the financial condition of the Victory Celebration fund, as to what the expenditures have been, both by citizens coming into my office and by letter. There has never been an audit made; I have never received any deposit and I have never taken any money to the bank. I feel forced to resign in justice to myself and in justice to the committee, and today when they nearly forced me to give them some sort of statement I was compelled to say I could not give them a statement, not knowing what the condition of the funds were, and I therefore feel compelled to resign. I have not given any notice to the newspapers that I intended to resign, but the requests that have been made for

a statement has brought the matter to a head. In justice to you, however, I did not give my resignation to the papers. The committee has not met.

Mayor Gillen: You have been invited a number of times to attend the meetings.

Commissioner Archibald: I have never been invited.

Mayor Gillen: You lie.

Commissioner Archibald: I resent that statement. I have asked for an audit a number of times.

Mayor Gillen: You have never asked for an audit. You never asked me.

Commissioner Archibald: I asked for an audit through your secretary a dozen times.

Mayor Gillen: I have never been asked by you.

Commissioner Archibald: I have never seen an audit; I have never seen what moneys were contributed or what moneys were spent.

Mayor Gillen: I say it is a lie right in the face of it.

Commissioner Archibald: I think I am justified in resigning when I can't get any satisfaction as to what has become of the funds.

Mayor Gillen: You can resign if you want to.

Commissioner Brennan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

NEWARK, N. J.

March 18, 1920.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Archibald, Brennan, Monahan, Raymond.

Absent: Mayor Gillen.

In the absence of Mayor Gillen, Commissioner Archibald presided.

The minutes of meeting of March 11th, 1920, were read and approved.

Commissioner Archibald: Is there any citizen present desiring to be heard by the Board on any matter?

Commissioner Raymond: There are a lot of gentlemen here, I believe, that desire to be heard on the Park Place widening.

Mr. T. S. Atwater: I represent Hahne & Company, and we are in favor of the proposed ordinance for the widening of Park Place. Park Place is not like it was years ago, when it was a residential section. Today it is no longer residential, but business. I am informed by the Public Service that ninety million people

are dumped in this street out of the Terminal every year, and I know that every person experiences the trouble during certain hours in the day that it is almost impossible to get through there with an automobile; you are always held up on account of the congestion, and we believe if we could have that street widened it would be a great benefit to the City of Newark and all surrounding property owners, and on behalf of Hahne & Company, I desire to say we are heartily in favor of this widening.

Commissioner Raymond: I might say I have had an investigation made by survey and by the Law Department, and this proposed taking of sidewalks around the outer coping of the park will not deprive the park of one particle of acreage which was originally dedicated to the city for park purposes, in fact, if this improvement is made the park will still have a fraction of an acre more than was originally dedicated for park purposes. I have the full report here which I will read if the Board so desires.

Mr. Moses Plaut, L. S. Plaut & Company: I represent the Broad Street Merchants' Association, of which I am President, which represents the merchants on Broad Street, from Market Street to Washington Place. About a year ago we decided to ask for the widening of that street and we presented plans to Commissioner Raymond and requested the widening of Park Place. The few pedestrians that use the sidewalk could just as well use the walk in the park. There is great congestion there, as you know, and the Broad Street Merchants' Association are unanimously in favor of this plan. There are other merchants here that are in favor of it.

CHARLES P. GILLEN,  
THOMAS L. RAYMOND,  
WILLIAM J. BRENNAN,  
A. ARCHIBALD,  
JOHN F. MONAHAN.

NEWARK, N. J.

March 18, 1920.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Archibald: Is there any citizen present desiring to be heard by the Board on any matter?

Mr. T. S. Atwater: I represent Hahne & Company, and we are in favor of the proposed ordinance for the widening of Park Place. Park Place is not like it was years ago, when it was a residential section. Today it is no longer residential, but business. I am informed by the Public Service that ninety million people

I have the full report here which I will read if the Board so desires.

Mr. Moses Plaut, L. S. Plaut & Company: I represent the Broad Street Merchants' Association, of which I am President, which represents the merchants on Broad Street, from Market Street to Washington Place. About a year ago we decided to ask for the widening of that street and we presented plans to Commissioner Raymond and requested the widening of Park Place. The few pedestrians that use the sidewalk could just as well use the walk in the park. There is great congestion there, as you know, and the Broad Street Merchants' Association are unanimously in favor of this plan. There are other merchants here that are in favor of it.

Mr John L O'Toole, representing the Public Service Corporation: For the first time in many years so far as my knowledge of public affairs goes. I appear for the Public Service Railway Company to speak against the immediate carrying out of this project. I do not want to be placed in the position of opposing necessary improvements within the city. I regret I am in the position of taking the opposite side to the merchants on Broad Street, but I feel there is a real reason why some more consideration should be given this proposition at the present time. I speak not only for the Public Service Railway Company, as owner of the Terminal building in Park Place, but am authorized to speak for the owners of the Terminal Theatre, the Lawyers' Building Company, and Mr. Thomas N. McCarter, owner of property at Park Place and North Canal Street. I offer an objection to the carrying out of the project on account of it being an unnecessary expense under present conditions, when the city might better devote whatever funds it may have, or whatever additional expense it may wish to incur in the fulfillment of other improvements that would be of greater benefit than would the widening of Park Place. There is no prospective improvement in the City of Newark that the city could defer without any chances of increased cost of putting it through at this time. The city has the property on the park side of the street and can take it next year or the year after or some other time under exactly the same conditions as at present. The chances are all in favor of material cost and labor cost for the proposed improvement being much less next year than they are now. Every dollar you spend goes directly or indirectly to property owners, and goodness knows they have enough to contend with at

present I speak as a representative of taxpayers, more particularly of property owners whose property would be directly assessed for the proposed improvement. If it were part of a general scheme of improving the arteries of traffic in the center of the city, it would be a different proposition and my voice would not be heard in opposition to it. It will afford no general relief. Park Place is not so congested as to call for immediate widening of it. If it is widened it will simply offer additional facilities for the parking of automobiles for an unlimited time. I feel the Board could very well defer action on this proposed improvement without any disadvantage accruing to the city, for another year or two.

Commissioner Archibald: The expense will be very small.

Commissioner Raymond: The estimated cost is only \$25,000, distributed over a very large area.

Mr. O'Toole: I have no information as to the expense, but I doubt very much if you could do it for that figure.

Commissioner Brennan: Don't you think the proposed improvement would relieve the present traffic congestion there, especially so far as pedestrians are concerned?

Mr. O'Toole: If vehicles that make a practice of parking with backs up against the sidewalk, many overhanging the sidewalk two or three feet; if they were cleared away, there would be much less congestion for pedestrians. That condition exists there day after day and week after week. It is true that the little stretch between North Canal Street and the

Terminal building there is seldom room for three persons to pass abreast, due to so much of the sidewalk being taken up with vehicles that are backed up against the sidewalk.

Commissioner Raymond moved that the ordinance providing for the grading, curbing and paving of Park Place be taken up on first reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing and paving of that portion of Park Place, from Broad Street and North Canal Street to Broad Street north of Rector Street, between the present westerly and southerly curb lines and the official westerly and southerly side lines of the street, the space referred to to be paved with asphalt pavement (2 inch top surface—1½ inch binder) on a six inch concrete foundation.

The Board of Commissioners of the City of Newark, do ordain:

Section 1. That the portion of Park Place, from Broad Street and North Canal Street to Broad Street north of Rector Street, between the present westerly and southerly curb lines and the official westerly and southerly side lines of the street shall be graded, curbed and paved, the space referred to to be paved with asphalt pavement (2 inch top surface—1½

inch binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the above work, including the laying of concrete sidewalks at street intersections, and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting, or resetting of the curb, including the laying of the necessary sewer and water connections to the curb lines, under and by virtue of the provisions of an act entitled, "An act concerning municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto, and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond,

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on March 25th, 1920.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

Mr. George Seymour, 20 Clinton Street, Newark: I want to bring to the attention of the Commissioners, Assembly Bill No. 370. This bill has for its purpose the placing of jitneys under the Public Utility Commission. In the preamble of the bill it says that the idea of taking away from the various municipalities and placing them under the Public Utility Com-

mission is for the purpose of providing for the regulation of jitney busses so that they shall furnish safe, adequate and proper service.

I represent the Central Association of Jitney Men here in Newark, and they are opposed to the passage of this bill because they do not want to leave the control of the City of Newark. In opposing this bill, I might say this: The City of Newark is very fortunate in having a Traffic Supervisor who is one of the best, if not the best hereabouts. I do not see how it would be any benefit to the jitneys or from a transportation standpoint, to take them away from the City of Newark and place them under the Public Utility Commission. I would like to call the attention of the Commissioners to the fact that the jitney men have been increasing revenue to the City of Newark, and I take from your records in 1919 they turned in \$74,635.98. I have no hesitation in saying if this bill were passed, it would mean the City of Newark would lose \$75,000 annually. The worst feature of the bill is that it is an attempt to deny to cities and municipalities their right to govern their own affairs. We are a very essential part of your business. Last year we carried three million people, and came from a small beginning to a large dignified business, and we ask you as the representatives of the City of Newark to oppose this bill and do all you can to prevent the jitney men from being taken from the control of the City of Newark and placed under the Public Utility Commission.

Commissioner Monahan moved that the Board do everything in its power to oppose this bill.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond submitted the following ordinance as a matter of information:

An ordinance to provide for the grading, curbing, flagging and paving with concrete pavement of Wolcott Terrace from Hawthorne Avenue to Clinton Place, the portion from Hawthorne Avenue about 122 feet southerly to be paved on each side of the street railway track with the exception of eighteen (18) inches on each side of said street.

Commissioner Raymond moved that the foregoing ordinance be made a matter of record in the minutes:

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the paving of Verona Avenue, from DeGraw Avenue to Beaumont Place, with concrete pavement.

The Board of Commissioners of the City of Newark, do ordain:

Section 1. That Verona Avenue, from DeGraw Avenue to Beaumont Place shall be paved with concrete pavement with the necessary new

curbing or resetting of curb, together with all other appurtenances incidental to the paving of the street, including the laying of concrete sidewalks at street intersections, and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting, or resetting of the curb, including the laying of the necessary sewer and water connections to the curb lines, in accordance with the provisions of an act entitled, "An act concerning municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto, and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on March 25th, 1920.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond moved that the title of "An ordinance to provide for the repaving of Washington Street, from Central Avenue to William Street, with either napped re-clipped, granite block pavement, 3 inch asphalt block pavement, asphalt pavement (2 inch top surface—1½ inch binder) or with new oblong granite block pavement, on the

present concrete foundation built up with additional concrete to make a total thickness of 8 inches of concrete foundation, on both sides of the street railway tracks with the exception of one foot on each side of said tracks," be struck out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond moved that the following ordinance be put back on second reading for the purpose of amendment:

An ordinance to regulate the erection and maintenance of canopies or fixed awnings, signs or objects of any kind intended to extend over any sidewalk or street or portion thereof, and providing penalties for the violation of its provisions.

Commissioner Raymond moved that Section 7 be amended as follows, and that a new section be added to be known as Section 8:

Section 7. Nothing in this ordinance shall be deemed to repeal an ordinance, or any portion thereof, entitled, "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey," approved December 31, 1910, or any ordinances amendatory thereof and supplementary thereto, or an ordinance entitled "An Ordinance regulating the placing of projecting signs in the City of Newark and providing charges for permits for the same" or any ordinance amendatory thereof and supplementary thereto, but such other ordinances and this ordinance shall each be so construed as to give effect to every provision thereof and each shall be deemed independent of the other.

Section 8. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

The ordinance was declared open to amendment in all its parts.

The ordinance was then read through as amended.

An ordinance to regulate the erec-

tion and maintenance of canopies or fixed awnings, signs or objects of any kind intended to extend over any sidewalk or street or portion thereof, and providing penalties for the violation of its provisions.

The Board of Commissioners of the City of Newark, do ordain:

Section 1. No person, firm or corporation shall erect or cause to be erected any canopy or fixed awning, sign or object of any kind intended to extend over any sidewalk or street or portion thereof, without first having obtained from the Director of the Department of Streets and Public Improvements a permit therefor.

Section 2. Every application for a permit to erect or cause to be erected any canopy or fixed awning, sign or object of any kind intended to extend over any sidewalk or street or portion thereof, shall be made in writing to the Director of the Department of Streets and Public Improvements and shall be accompanied by a certificate from the Superintendent of Buildings of the City of Newark to the effect that plans and specifications for such canopy or fixed awning, sign or object have been filed in the office of said Superintendent of Buildings and that the same have been approved by him, and that in his opinion any such canopy or fixed awning, sign or object constructed, erected or maintained under said plans and specifications can be so constructed, erected or maintained with safety to the traveling public using such sidewalks or streets over which such canopy or fixed awning, sign or object extend.

Section 3. The Director of the Department of Streets and Public Im-

provements is hereby authorized to issue, in his discretion, such permit, upon the payment to him of a fee of Ten Dollars (\$10).

Section 4. The owner, lessee, occupant or agent of any building in front of which there is now constructed, erected or maintained any canopy or fixed awning, sign or object of any kind which extends over any sidewalk or street or portion thereof, for which no permit has been granted, shall, within thirty days from the adoption of this ordinance, make application to the Director of the Department of Streets and Public Improvements for a permit, and shall accompany said application with a certificate, verified under oath, of a reputable contractor or engineer, to the effect that such canopy or fixed awning, sign or object is so constructed, erected and maintained as to make it safe to the traveling public using such sidewalk or street or portion thereof over which such canopy or fixed awning, sign or object is constructed, erected or maintained.

Section 5. If within the time specified in Section 4 of this ordinance a permit shall not be applied for by the owner, lessee, occupant or agent of any building in front of which there is now constructed, erected or maintained any canopy or fixed awning, sign or object, the Director of the Department of Streets and Public Improvements shall cause said canopy or fixed awning, sign or object to be removed.

Section 6. Any person, firm or corporation convicted of violating any of the provisions of this ordinance shall forfeit and pay a penalty of not exceeding Twenty-five Dollars (\$25) for

each offense, and any canopy or fixed awning, sign or object constructed, erected or maintained over any sidewalk or street or portion thereof of the City of Newark in violation of any of the provisions of this ordinance shall be removed by the Director of the Department of Streets and Public Improvements, at the expense of the owner, lessee, occupant or agent of such building in front of which said canopy or fixed awning, sign or object of any kind is constructed, erected or maintained.

Section 7. Nothing in this ordinance shall be deemed to repeal an ordinance, or any portion thereof, entitled, "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey," approved December 31, 1910, or any ordinances amendatory thereof and supplementary thereto, or an ordinance entitled, "An ordinance regulating the placing of projecting signs in the City of Newark and providing charges for permits for the same," or any ordinances amendatory thereof and supplementary thereto, but such other ordinances and this ordinance shall each be so construed as to give effect to every provision thereof and each shall be deemed independent of the other.

Section 8. This ordinance shall take effect immediately.

March 17, 1920.

Board of Commissioners,

Newark, N. J.

Gentlemen:

Unable to attend meeting Thursday, 11 A. M. As owner of lot on Huntington Terrace, I wish to enter my protest against the paving of that thoroughfare under present conditions. Understand the rate for concrete paving is \$13.00 per yard, which makes such proposed improvement prohibitive. Have no particular objection to the sewer part, but I do object to the paving.

Yours truly,

John W. Bird.

NEWARK, N. J.

March 25, 1920.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of meeting of March 18th, 1920, were read and approved.

Mayor Gillen: Is there any citizen who desires to bring any matter before this Board? If so, the Board will be pleased to hear them now.

Mr. Frank H. Tomlinson, 30 Schuyler Avenue, Newark: I am appearing in the interest of property owners on Schuyler Avenue. About a year ago the majority of property owners on Schuyler Avenue petitioned your Board for the paving of this street. The condition of the street at present is such that no vehicle can get into it to make delivery to any of the houses. As an example, yesterday, I noticed a coal wagon just barely able to get off Hawthorne Avenue about ten feet into Schuyler Avenue, where it got stuck and it was necessary for the people getting the coal to carry it. We would like to have the paving started right away.

Commissioner Raymond: We cannot pave a street in winter. The streets are not open yet for paving. As soon as they are open for paving, we will get at it. We must wait until the frost is out of the ground, otherwise the pavement would crack and you would have to pay a double assessment. The frost is just begin-

We must wait until the frost is out of the ground, otherwise the pavement would crack and you would have to pay a double assessment. The frost is just begin-

ning to seep out and we will have to wait until it gets out. The street is in bad-shape and we would like to fix it up. It would not pay us to do anything temporarily. I will send Mr. Howell up and see what we can do in the way of affording temporary relief. We may be able to fill in the bad spots with ashes. As soon as we can pave we will begin it.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the repaving of Academy Street, from Broad Street westerly about 175 feet with 3 inch asphalt block pavement on the old concrete foundation built up with new concrete so as to make a total thickness of 9 inches of concrete foundation.

The Board of Commissioners of the City of Newark, do ordain:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The annual report of the following

department for the year 1919 was received.

City Clerk.

Commissioner Monahan: I would like to ask, as a matter of information, how we stand on this daylight saving matter. I think we should take some action on it. I am in favor of it, and I think we should go on record as favoring it. The Governor has issued a proclamation requesting citizens to advance their clocks one hour.

Mayor Gillen: I think it should be a Federal proposition.

Commissioner Raymond: If we do not get in line with New York and Pennsylvania, we will have great confusion.

Commissioner Brennan: I think we should go on record as favoring it.

Commissioner Raymond moved that the Board go on record as approving the proclamation of the Governor calling upon the citizens to set the clocks forward one hour and join in the movement with Pennsylvania and New York to put daylight saving into effect.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The following communication was received and read:

Office of the City Clerk  
City Hall  
Newark, N. J.

March 22, 1920.

The Board of Commissioners of  
the City of Newark,  
City Hall, Newark, N. J.

Honorable Sirs:

At a conference of the Board of Commissioners and city officials of the City of Newark, held today, the following bill was considered and referred to your honorable body for consideration:

Assembly Bill 481.

Very truly yours,

W. J. Egan,  
City Clerk.

Ordered filed.

Commissioner Raymond moved that the Board approve this bill and urge upon the Legislature the necessity of passing it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen presented the following complaint made by the West Side Storage Warehouse, of 100 Bank Street, Newark, against Harry Berlowitz, Court Constable in the First District Court:

Mr. Harry Berlowitz, Court Constable in the First District Court, on June 20, 1919, moved out Catherine Finegan, of 864 South Orange Avenue, and moved in himself. Gold, the landlord, gave Berlowitz \$12 to have Finegan's furniture moved to storage. Berlowitz pocketed the money. Mrs. Finegan had to sell her furniture to pay for the moving.

In February, 1920, Mrs. Surrafsky,

living at 547 South 11 Street, was dispossessed by Berlowitz. He found her sick in bed, forced her to dress and get out of the house. She walked as far as the engine house, corner of 18th Street and South Orange Avenue, where she dropped in the street. The firemen summoned the ambulance and had her sent to the Beth Israel Hospital, where she remained for 5 weeks. The landlord, E. Slomanski, the owner of the property, paid Berlowitz \$25 for to move Mrs. Surrafsky's goods to storage. He pocketed this money also, paid nothing to the storage house for the moving, or storage of the furniture and Mrs. Surrafsky paid for it herself. Mrs. Surrafsky now lives at 786 Springfield Avenue.

Mayor Gillen: There have been frequent complaints made against this man to Mr. Morgan in charge of the Rent Profiteering Department, that he rushes up to a place and throws these people out without ceremony and then gets someone to move the furniture into storage and in many instances he has received money from the landlord to pay for the removal of the furniture and probably for a month's storage. This complaint is made by the owner of the West Side Storage Warehouse with offices at 100 Bank Street. He collects money, according to these complaints, and I

think this Commission which pays him a salary should take some action.

Commissioner Raymond moved that the matter be referred to the Judge of the Court for investigation and such action as he may deem necessary.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald moved to adjourn.
